Peter Buijs

Primary Health Care & Work

- former GP
- registered OP
- Since 2014 independent international consultant on Primary Health Care (PHC) & Workers' health
- after working for 34 years at the Dutch independent Research Institute TNO Work&Health as a researcher/consultant/author/speaker at international Congresses (a.o. the former ,Dresden Conferences') on: How to get the best Health Care for workers globally, especially by PHC, in good cooperation with Wonca, ICOH (international organisations of family doctors/GPs resp. Occupational Health Professionals), WHO, ILO and ISSA.
- Has organized, together with Ivan Ivanov (WHO), the first Global Conference on PHC&Workers' health, 2011, The Hague.
- Is now a.o. working together with the international organisations just mentioned re efforts towards the G7 and G20 to provide a kind of occupational health by PHC for the about 90% of the global workforce without any specific work related care.
- Is also engaged in a very fundamental Global Zero activity as co-chair of the Dutch affiliate of IPPNW (International Physicians for Prevention of Nuclear Weapons).
- See a recent British Medical Journal blog: <http://blogs.bmj.com/bmj/2016/02/19/peter-buijs-and-lode-wigersma-on-a-dutch-medical-appeal-for-nuclear-disarmament/>
